

2016-2017 WINTERIZING SERVICES

* ELECTRIC & WATER AT THE 100 CLUB SLIPS WILL BE SHUT OFF OCTOBER 15, 2017.

** PLEASE NOTE ON 3RD PAGE – THE DATE THAT YOU ARE DONE USING BOAT IS CRITICAL FOR US TO MAINTAIN A SCHEDULE & ALLOW US TO PUT BOATS IN STORAGE IN A TIMELY MANNER. IF YOU ARE DONE BOATING MID-SEPTEMBER, PLEASE PUT MID-SEPTEMBER, NOT EARLY OCTOBER.

*** WE WILL BE PUTTING (1) NO-DAMP MILDEW CONTROL DEHUMIDIFIER (\$10.70 EACH) IN ALL BOATS STORED BOTH OUTSIDE WITH SHRINK WRAP & INSIDE. PLEASE SPECIFY ON THE SHRINK WRAP SHEET IF YOU WOULD LIKE ADDITIONAL UNITS.

**** PLEASE TAKE ALL SNAP-IN CARPET, GRILLS, ETC. OFF OF BOAT OR STORE ACCORDINGLY SO THAT WE HAVE ACCESS TO ENGINE(S).

*** BOTTOM WASHING IS HIGHLY RECOMMENDED FOR THE GEAR LUBE CHANGE SERVICE. AN ADDITIONAL CHARGE OF \$25.00 WILL BE ADDED TO THE WINTERIZE PRICE IF BOAT IS NOT BOTTOM WASHED AND YOU REQUEST THE GEAR LUBE TO BE CHANGED.

** FUEL TANK(S) MUST BE AT LEAST ¼ – ½ FULL WHEN BROUGHT IN FOR WINTERIZING OR STORAGE. EMPTY OR LOW LEVEL TANK(S) WILL BE FILLED TO ¼ - ½ LEVEL AT CUSTOMER'S EXPENSE PLUS A \$107 LABOR CHARGE.

WINTERIZING ENTAILS ADDING STABIL TO FUEL, RUNNING ENGINE IN TANK OF NON-TOXIC MARINE GRADE ANTIFREEZE UNTIL ENGINE REACHES NORMAL OPERATING TEMPERATURE. ANTIFREEZE IS CIRCULATED THROUGHOUT ENTIRE SYSTEM ENSURING NO WATER IS LEFT IN BLOCK. ENGINE OIL, FILTER, WATER SEPARATOR FILTER & GEAR LUBE ARE CHANGED. **BEST VALUE AND FREEZE PROTECTION PLAN**

BATTERY REQUIREMENT – AGE OF BATTERY? _____ YEARS OLD. BATTERIES MUST BE FULLY CHARGED AT DROP OFF OR A \$25 JUMP FEE WILL BE CHARGED. BATTERY MANUFACTURERS RECOMMEND THAT BATTERIES BE STORED FULLY CHARGED IN A DISCONNECTED STATE. WE WILL DISCONNECT BATTERIES AFTER WINTERIZING.

PLEASE INDICATE SERVICES REQUESTED BY INITIALING ON THE LINE TO THE RIGHT OF THE PRICES. PLEASE NOTE THAT WINTERIZING CHARGES ARE FOR LABOR ONLY. ALL MATERIALS ARE ADDITIONAL. PAYMENT IS DUE WHEN SERVICES ARE RENDERED. ANY UNPAID BALANCE WILL BE SUBJECT TO LATE FEES.
